Maps (Past to Present)

You should spend about 20 minutes on this task.

The diagram below shows the changes to the town of Seaville.

Summarize the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words

The maps show the redevelopment of the town of Seaville from 1995 until the present day. Overall, the town has changed considerably, especially with the development of the leisure facilities in the north east.

The most noticeable change to Seaville since 1995 is the construction of a golf course and tennis courts, that have replaced the forest park and agricultural area. Another striking difference is the reconstruction of the sea front, in the south, that includes the complete demolition of the fishing port. Additionally, and fish market, in the south west, has been replaced with apartments. The cafe however, located in the south east, has remained untouched.

All the retail facilities, specifically the shops, in the southwest have been converted into restaurants but the hotel has remained and has added a car park to the east of the building. The residential facilities in the north west have expanded with a few additional housing units being added to the existing ones.
